

Renovations by NewCity

THE PROJECT YOU WANT. ON TIME AND ON BUDGET.

WE SPECIALIZE IN LARGE REMODELS & ADDITIONS

New City Construction is part of the New City family of companies. Our renovation business has been built on the skills and expertise we gained from years of real estate development and re-development projects for both investor clients and ourselves.

After specializing in full-gut rehab projects for investors for years, we decided to bring our quality craftsmanship to homeowners. Because we have experience working with discriminating investors, you'll find we hold ourselves to a higher standard than other renovation companies. Not only that, but also we have developed an exceptional "eye for quality" working on our own investment properties. We have firsthand experience in what people expect to be fully-satisfied with the work that is done for them.

"Attention to detail, staying on schedule, good communication and quality craftsmanship are all things you hope for in a contractor. New City provided them all. Your staff was available to answer all of my questions, and the work went faster than I could have hoped for. I now have a new house and plenty of built in equity thanks to your team."

--New City Customer

COUNT ON OUR RELIABLE, EFFICIENT STAFF

From specialized work crews to project management professionals to office staff, our team is highly-capable, well-trained and focused on each individual client's needs. Our construction process is planned and managed to deliver reliable results. Our production systems are engineered for precision and efficiency. These factors ensure that you don't have to spend any time worrying about the project; that's our job.

Our work crews are courteous, thoughtful and polite, and understand how important it is to arrive on time. Our managers communicate with you every step of the way to ensure flawless delivery of your project. Our people care about you, because we care about our people.

- Our work crews are specialists in their trade
- Our project managers deliver projects efficiently
- Our construction managers are skilled craftsman who are on-site for your project

WE BELIEVE IN AFFORDABLE QUALITY

We pride ourselves on the quality craftsmanship of your project and the materials in it. We use our supplier relationships from real estate development projects to bring you high-end materials at volume discounts. Our construction managers are trained to maximize the use of your space and make the project flow with the rest of your home. We will work with you on the design of your project until it is perfect, not only structurally but also aesthetically. We listen to your needs and desires and match them with the right solutions based on our design expertise. Whether rich hardwood or engineered flooring, granite or solid surface countertops, custom-crafted or prefabricated cabinets, we help you make the best use of your budget so you get high-impact solutions where they matter the most.
